\*Please note the following about UG Theatre Program Enrollments:

-- In 1994, one student was incorrectly coded as enrolled in UG Directing. The table has been updated to reflect the student's actual enrollment in Acting.

-- Theatre Management was incorrectly labeled as Child Drama/Youth Theatre in previous Fact Files.

\*\*Prior to 1995, students enrolled in Teaching and Learning were classified under Curriculum Development.

\*\*\*Students enrolled in the joint JD/MBA: 14 in 1999, 18 in 1998, 25 in 1997, 22 in 1996, 18 in 1995. They are included in the Juris Doctor enrollment figure and in their respective graduate Commerce program enrollment.

Note: The College Board began using re-centered (higher) SAT scores beginning April 1, 1995. Computing comparable scores for the five-year period would yield: 1156(1994); and 1181(1995). The decision was made by a DePaul Ad Hoc committee to preserve scores as reported by the College Board, so no manual re-centering was performed on SAT scores prior to April 1, 1995. For this reason, it is possible that the 1995 re-centered average score cited above might be inflated and 1996 score might be deflated due to a few non-comparable scores included in the average. However, these differences would be slight because of the typical time frame between taking the SAT and applying to DePaul.

**SECTION SIX:**  
Student Financial Aid and  
University Finances

## Preface to Section 6: The Adoption of New Accounting Standards

The university adopted the provisions of the Financial Accounting Standards Board's Statement of Financial Accounting Standards (SFAS) No. 116, *Accounting for Contributions Received and Contributions Made*; No. 117, *Financial Statements of Not-for-Profit Organizations*, and No. 124, *Accounting for Certain Investments Held by Not-for-Profit Organizations*, during the year ended June 30, 1996. The university applied SFAS Nos. 116, 117 and 124 retroactively to July 1, 1995. SFAS No. 116 requires an organization to recognize as revenue contributions, including unconditional promises to give (i.e., pledges), when received. SFAS No. 117 establishes standards for general-purpose external financial statements issued by not-for-profit organizations. It requires that the net assets and changes therein be classified into three categories: unrestricted, temporarily unrestricted, and permanently restricted. This classification of categories is based upon the existence or absence of donor-imposed restrictions. SFAS No. 124 requires that investments in equity securities with readily determinable fair values and all investments in debt securities be reported at fair value with gains and losses included in a statement of activities. **Due to these changes, the financial statements starting from fiscal year 1995/96 may not be readily comparable to previous financial statements.** As a result, Tables 6-2, 6-3, and 6-4 were modified and the table containing annual endowment and giving growth information was removed to reflect the changes in the university's financial statements. To review historical financial data in these categories, please refer to previous versions of the *Fact File*.

**SECTION NINE:**  
Attrition and  
Graduation Rates

**Section 9 Preface:**  
**Understanding Retention and Graduation Rates**

Retention and graduation rates reflected the progress of freshmen cohorts through DePaul. A freshmen cohort consisted of degree-seeking students who entered DePaul as full-time, first-time freshmen during the Fall quarter of a given academic year. For example, the full-time, first-time freshmen who entered DePaul during the Fall quarter of 1994 numbered 1,152 (Table 9-1), while those who entered during the Fall quarter of 1990 numbered 982 (Table 9-2).

**Retention rates** represented the proportion of the original cohort that enrolled – though not necessarily full-time – during a subsequent Fall quarter. Example (Table 9-1): of the 1,152 freshmen in the 1994 cohort, 80.6% were enrolled during the Fall quarter one year later, while 67.5% were enrolled during the Fall quarter two years later.

**Graduation rates** represented the proportion of a given freshmen cohort that graduated from DePaul by the end of a specific academic year. Example (Table 9-2): of the 982 new freshmen in the 1990 cohort, 37.5% of them graduated by the end of their fourth academic year, while 58.8% graduated by the end of their sixth academic year.

Computing rates with a Fall-to-Fall method conforms to more widely accepted reporting standards. Historical rates listed in this section were re-computed to reflect this method and consequently differed from those reported in previous years. In previous years, the reported rates included those students who enrolled during any of the non-Summer quarters. Enrollments during the Winter and Spring quarters were *not* included in the current rate calculations.

Fourth-year graduation rates have been included in this section. The number of cohorts reported in Table 9-2 has been reduced to three years. Refer to previous Fact-Files for cohorts not reported.
