

Preface

1. **The School of Computer Science, Telecommunications and Information Systems (CTI) became its own college in Fall 1995. This year's Fact File provides a five-year enrollment and demographic profile of CTI students.** Previous versions of the Fact File contain historical data of CTI majors that were reported in the appendices of Sections 1, 2, 3 and 5. Please consult the OIPR's website or in-print copies for historical data.
2. **Mandated changes in accounting standards resulted in permanent changes in the format and content of the university audited financial statements and several tables in Section 6.** Due to these changes, the financial statements starting from fiscal year 1995/96 may not be readily comparable to previous financial statements. Please see the preface of Section 6 for more details.
3. **Faculty headcounts reported in the *Fact File* are defined differently and may not match headcounts reported in the Integrated Academic Information System (IAIS) report.** Full-time faculty headcounts reported in the Fact File are obtained at the beginning of the academic year for external faculty salary reporting. The Academic Information System summarizes headcounts at the close of the academic year. This time differential in data collection accounts for any headcount discrepancies between sources.
4. **New, Discontinued and Modified Degree Programs.** Listed below are changes (stratified by college) in degree and certificate programs offered at DePaul.
 - CTI – E-Commerce Technology (MS), Web Commerce Certificate program and Web Designer Certificate program were added.
 - Education - Graduate. Effective Winter 97/98 a Doctor of Education (Ed.D.) will be awarded in the following programs: Educational Leadership and Curriculum Studies. An MA or M.Ed. are now available in Teaching and Learning: Early Childhood.
 - Law – A joint MPS/Law program has been added.

The Fact File is also available at OIPR's website:

Note: The College Board began using re-centered (higher) SAT scores beginning April 1, 1995. Computing comparable scores for the five-year period would yield: 1156(1994); and 1181(1995). The decision was made by a DePaul Ad Hoc committee to preserve scores as reported by the College Board, so no manual re-centering was performed on SAT scores prior to April 1, 1995. For this reason, it is possible that the 1995 re-centered average score cited above might be inflated and 1996 score might be deflated due to a few non-comparable scores included in the average. However, these differences would be slight because of the typical time frame between taking the SAT and applying to DePaul.

SECTION SIX:
Student Financial Aid and
University Finances

Preface to Section 6: The Adoption of New Accounting Standards

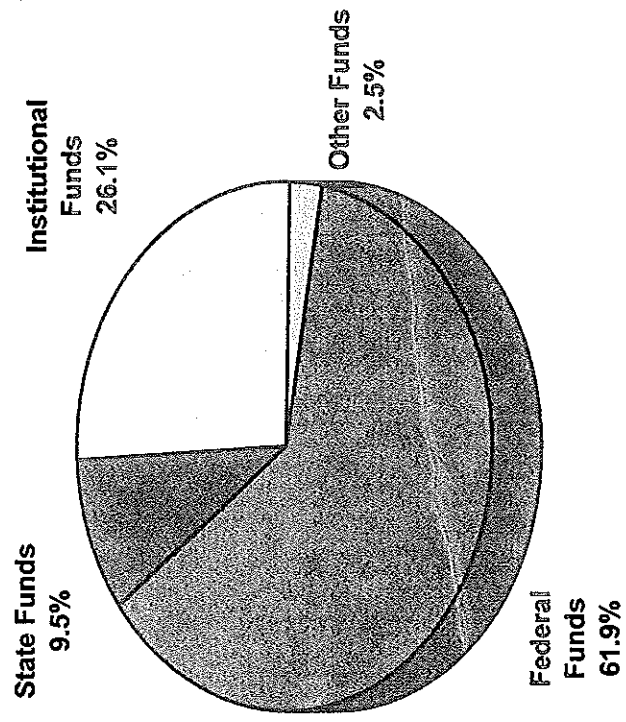

The university adopted the provisions of the Financial Accounting Standards Board's Statement of Financial Accounting Standards (SFAS) No. 116, *Accounting for Contributions Received and Contributions Made*; No. 117, *Financial Statements of Not-for-Profit Organizations*, and No. 124, *Accounting for Certain Investments Held by Not-for-Profit Organizations*, during the year ended June 30, 1996. The university applied SFAS Nos. 116, 117 and 124 retroactively to July 1, 1995. SFAS No. 116 requires an organization to recognize as revenue contributions, including unconditional promises to give (i.e., pledges), when received. SFAS No. 117 establishes standards for general-purpose external financial statements issued by not-for-profit organizations. It requires that the net assets and changes therein be classified into three categories: unrestricted, temporarily unrestricted, and permanently restricted. This classification of categories is based upon the existence or absence of donor-imposed restrictions. SFAS No. 124 requires that investments in equity securities with readily determinable fair values and all investments in debt securities be reported at fair value with gains and losses included in a statement of activities. **Due to these changes, the financial statements starting from fiscal year 1995/96 may not be readily comparable to previous financial statements.** As a result, Tables 6-2, 6-3, and 6-4 were modified and the table containing annual endowment and giving growth information was removed to reflect the changes in the university's financial statements. To review historical financial data in these categories, please refer to previous versions of the *Fact File*.
