DePaul New Freshmen and New Transfers with Mission Characteristics

*Fall 2019 Report*

Presented to Mission Committee of the Board of Trustees
IRMA
October 2019
Mission Tulips Overview

Four factors are typically used to identify DePaul’s mission characteristics:

- **Low Income:** The Federal Pell Grant program provides need-based grants to low-income undergraduates. Pell Grant status is used in this report to identify students from low-income households. Please note that students who do not file for financial aid (by completing a FAFSA form) are not included in this category.

- **First Generation:** Neither parent has a college degree (bachelor’s or higher).

- **Underrepresented Students of Color:** African American, Hispanic/Latinx, or American Indian.

- **Chicago:** Resides within the Chicago city limits, does not include Chicago suburbs. Based on parent’s address provided on the student’s application.
